Monkey 8179 dies form pulling a lever, that makes the bathroom floor very slippery, and then pulling another lever, that makes the bathroom floor made of a very hard material, and then slips, and his head lands on the bathroom floor, and then the monkey fucking dies form brain bleed, and several monkeys, 8178, 8177 also die form slipping on the bathroom floor, and also dying form brain bleed

Will this be the average new "5 monkeys jumping on the bed" song in Youtube kids in 2050?
