I don't stand with Ukraine. I don't stand with Russia. I don't stand with the US, NATO, or EU. I stand with the innocent civilians being caught in the crossfire while the politicians, the media, and weapons manufacturers continue to stoke division and conflict in their geopolitical chess games and treat the people of Ukraine as mere pawns. Zelensky is a corrupt, opportunist oligarchic politician who is not fit to lead Ukraine through anything and wants to inflate his own ego and offshore accounts.

6.5/10. Most of the flag is chill but that middle red and yellow part, UFO+north Korean workers party logo brings the score up.

Highly democratic and freedom-loving population, what if Mongolia and Japan had a child who also has an Indian driving instructor, increasing tensions between Market Socialists and Maoists, eats the aeugh fish, pets the aeugh fish, Aruday metro train doors have a tendency to amputate riders

Usage of the fasces in more modern nations brings what they call "bad vibes." That and it just appears to have that imperial aura to it. 6 to 7/10.

THE ABSTRACT STATE OF BRAZIL

The Triumph of the Overman

Featuring: art snob cliques with automatic weapons, an edgy, poor interpretation of Nietzsche retrofitted as ideology, the abolition of the laws of physics and reality itself, the crusade against rationalism, arbitrary executions by drive-by shooting, mass embezzlement and looting, and more!

6/10. That looks like a rebellion flag, so it gives me that sorta vibe.
