PMT/Early FT - Decopunk. Zitravgrad is a crowned republic in a planet somewhere else in the universe. The formerly wartorn nation keeps a facade of normalcy and order while enjoying the societal and cultural decadence that marks the new Roaring Twenties. The paranoid authoritarian government tries its best to uphold order in the face of uncertainty, while its people want nothing more than a breathing space. However, I feel that our dear "emotional emperor" has taken a shine to attacking me personally, so I will entertain his craving for attention one last time. First off, you do realise that it was a specific group of people that murdered your parents, yes? I am sorry for your loss, but just because I have taken some specific ideologies does not mean that I support those who murder for it. unfortunately there are such extremists on both sides of the spectrum, and until people turn off that emotional switch of theirs and start thinking more logically (that may also be a hint) there are plenty of ways to put across ideologies in a much more peaceful and civil manner. to be quite honest, I did quite like the way you managed to protect the poor with social welfare, and perhaps even wanted to communicate with you to learn more about your

methods. sadly, your emotions have overpowered your ability to think logically, arrogance and hatred filled your mind all because of an unfortunate encounter with extremists and you associate me with them because of my ideologies. Thankfully I have befriended others who follow a mixed economy system, and they were much more approachable and logical with discussing their ideologies with me, something which you are clearly incapable of. needless to say, this will most certainly be my last opinion on you, and you may continue to spit your overly emotional views against me. But know this, every time you do, I will smile, simply because you only prove to me, and everyone else who will see it, just how pitiful and emotionally driven you are, which is an insult to the title of emperor. I offered you my hand of friendship in hopes that I may learn something from you, but after what I have witnessed, I think I will save my ears for more logically driven leaders. You are a disgrace to your family, and I pity your parents for what you have become.

Kill attempts on my characters are ignored. I do not kill anyone else's, so please show the respect for mine as I would show yours.
