Godulan Puppet #2, RPing as technologically advanced tribal society founded by mongols and vikings (and later with multiple other Asian and Native American cultures) motivated by an intrinsic devotion to the spirit of competition. They'll walk softly, talk softly, and make soothing noises as they stab you in the back and take your stuff... unless you're another Caleshan, whereupon they'll only stab you in the back *figuratively*!

But I don't want to bring up anything painful. I'll not get into that, but with all you've been through, the fact that you're gradually becoming happy makes me hopeful, in a way. It shows that even when we get put through the worst, we can keep going! As for what you're doing politically...Well, I should've done what you did. You knew that you had to go against your own ideals in order for your people to survive. Authoritarianism...It has its place, even if it's not necessarily good. "I will always respect people who rule with not only strength and power, but also with thoughtful ingenuity and respect for his or her population. Your causes are certainly admirable... and your responsibilities must also be overwhelming. I do not mean to open your old wounds you have licked clean, Princes Senatus, but I still struggle to imagine how you are still standing tall despite everything you have been through... and still remain a sound mind, a surprisingly very sound one. Whatever strings still hold your sanity tight must be sufficiently strong. To find your solace within your loved one is a blessing. I, too, understand that."

"I believe in might above all else, but the application of it is debatable. How you use it to secure more freedom for your people is curious, but I advise that you do not endanger your own power and political longevity with it. Do not hand over the knife to your rivals or enemies, or you might not last to ensure such freedom for long. Do not consider this much as a criticism to your rule, however. Consider me a cynical soul, who lives in a world of conflicts for too long to trust politicians."

"I find this, self anointed Emperor to be a complicated man. His early life was filled with strife and his character weak, but it would appear that despite this he had managed to find himself as he grew older and wiser. Despite this, I find it unnerving that he shows little regards to his enemies. I can respect a soldier regardless, any man who has given the burden of leading men into battle has my respect. I have heard a strange tale of him however, quite an extreme response to his person and to the dignity of his wife. I worry there may be further controversies ahead of this individual.

Man, and I thought I am thin back when I was a kid. Yeah, sure, I don't really have the best of the body, and I looked like a skeleton no matter how much I eat, but you made me look like a puffed-up Michelin mascot, no offense with that. I don't really see much wrong with you in terms of politics, to be very honest. It's just that you seem to be very, very adversely reactive when it comes to the people around you railing on you. It happens, I am not one without people calling me out. Best thing is to turn around and just never look back, or in better cases, take it if you think they are constructive, and work on yourself. It is unfortunate to see and hear that you have PTSD, and it is difficult to get over, I know. Still, you can definitely work your way through it. You might not be completely healed, but accepting it and trying your best to move on is always the best thing. Your wife, however, is regrettably genocidal, and you need to do something about her. I didn't mean kill her, that's nuts. Maybe just keep her anger controlled instead of having her constantly threaten people.

Eh, gonna have to disagree on the double post.

In a normal situation, I'd agree, but this is just a weird timing one.

I think it would be fair for either of us to have one if someone is up for it.

Thats fair, I went to put a responding because I figured that no one would respond yet and I didn't wanna leave them hanging with something negative, didn't expect someone to respond and get their post out before I finished.

Just the nature of these threads sometimes, I sometimes feel like you have to have something prepped for someone in advance. 🙄

It's no big deal either way.

Feel like things would be smoother on my end if the site wasn't acting up, like right now, with buttons being invisible for me....

For start, Valentjin hide's their evil plots as if they were some dark mastermind- which I do believe is a distinct possibility. Secondly, though no less importantly, it was their invasion of My privacy and well-being which so brutally and- I will admit- tearfully started this whole debacle of theirs! Thirdly, I do not like how 'happy' and 'nice' they act around everyone- it is, quite simply, entirely impossible for such personality traits to arise in anyone who is not My deceased sister without it being some ruse to arouse trust and sympathy. So, in short, it is My divine opinion that Valentjin be sentenced for eternity as a war criminal, overall sneakily mean person, and complete advocate for My destruction."

This man has, certainly, done much for his nation, and he has, certainly, shown much valor and wisdom in leading his nation- indeed, he has, certainly, done what few others could have done given the circumstances. Thus, it would appear, he is a worthy leader and should therefore be praised, yes? But, I say 'no' to this query. For you see, I do not like his face, nor do I approve of his easy-guided life, wherein he was taught the essentials of leadership rather than earning them, naturally, through his own merit. Oh, and lastly, I must confess that his face absolutely disgusts Me, and I would not be surprised if he revealed himself as some unnatural creature of ugliness and grossosity."

The man and the nation he aids guides to degeneration, and his unholy conglomeration of Hyperborean-descended, Aryan Norse with the likes of those Asiatics and feminine Demiurge descended Native Americans that our glorious Aryan gods like the great George Washington and ancestors wiped off the face of the Earth. Your nation is a representation of all that is wrong, a physical manifestation of the Demiurge that seeks to engage in spiritual and racial miscegenation. You esoteric lot like Serrano are delusional jackasses who claim to be fascist wizards and yet do not realize they are a toy of the international Masonic-Bolshevik conspiracy. What's with these concentration camps and neo-feudalism crap. Even Mussolini did not stoop this low and take Evola seriously! Fascism in its core has always valued loyalty to the nation and state no matter the ethnicity; the state should not devour itself. Perhaps his hardline tendencies will lead to his downfall..."

The Avant-Gardist State of Patagonia ~~~ Gauchos and Mapuches, orgies and parties, avant-garde art, futurism, syndicalism, the New Man, general strikes, the glorification of violence, spiritual nationalism, esoteric occultism, CIA spooks, Spartanian homosexuality, public sodomy, and more

Triomphe du Surréalisme (1968)

- There are many things said about Patagonia but few actually know what goes on behind the Andes mountains. Tales of human depravation and man's inner darkest self run wild. A place where avant-garde culture flourish and the artist don't fear the censor. Where all live bold and free under the gaze of the Patron. Yet all dreams will come to an end soon...

Do you mean the hypocrisy or the bardic magic? Because I think Vermuth or Windham commented on the magic thing.

Godulan Puppet #2, RPin as technologically advanced tribal society founded by mongols and vikings (and later with multiple other Asian and Native American cultures) motivated by an intrinsic devotion to the spirit of competition. They'll walk softly, talk softly, and make soothing noises as they stab you in the back and take your stuff... unless you're another Caleshan, whereupon they'll only

stab you in the back *figuratively!*

Premier **Fukushima Sonoko**

"A policymaker with a silver tongue, you say? While I disagree with his apparent preference for projecting military power beyond Caleshan borders, I can only respect his talent with words and his linguistic excellence. He's a visiting lecturer in linguistics and has raised a multilingual family? I'm impressed! Speaking of his children, he is evidently a family man, having educated his children personally. Meanwhile, as a Cala he has a talent for delegation, nevertheless gets the important work done, and commands respect. He values his family, human dignity, and grace under pressure—while we may have a few disagreements, he seems like a good man and a good Cala."
