"As much as I'd like to see a friend in Oomiya, I simply can't. She's a devout communist and I simply can not stand by that. Maybe if she wasn't so overt about it, I wouldn't mind it, but... yeah. The nightmares from the war are too real."

Sylvia shakes her head to clear away some thought about the war.

"A shame, really. I'm sure there could be many fun moments... I hate to be extremely reductive, but I can't help it. *Sigh*... I'm sure the feeling is mutual anyways. I really shouldn't let it bother me."

### The Statement on Sylvia and Julienne

Sea's decline times, but this just sounds too much like a wehraboo's wet dream, despite their attempts to insist and look otherwise, over which any well-versed historian would either shake head in pain or angrily point out. Now, we have nothing against modern Germany, as they at least have tried to change (And their electronics are pretty good), but this is just... Ugh. Anyways, lets get into more personal stuff of theirs."

"So, they love sweets? Huh, pretty cool. There are not much of them locally, and a lot of them are processed foods, but eh... Same for them being identical twins with pale skin - are you sure that you don't have albinism? As for their fashion choices... Ugh, some of us didn't knew what "lolita" meant before an explanation by zoomers and millennials, but now we regret that it does. Although, in some ways it reminds us about the skilled craft when it came to jewellery and traditional outfits. Either way, if you were wearing track suits and acted more manly, then you might earn our respect. Overall, negative so far. We heard that there is more past the paint of third reich, but we have already seen enough."

### Statement of [the Supreme Acolyte](#) on the Directorate

The Directorate has been effective, there is no denying in that. It also managed to retain power for long, which is, by itself, already something. But it is still primitive, it's doom is eminent, it is still too closely related to democratic governments to be able to maintain any semblance of real control in the long run. And they still want to believe they are there for the good of the people! Forget that, the sooner you embrace the true motives that motivate your hunger for power, the better. My opinion of the Directorate is positive. They are not wrong, they're simply too soft.

"this one already puts me on the side of uncertainty. Uk'Ondra is power-hungry and is rather clever at achieving it. it is uncertain to tell whether he really is fanatically devoted to his faith, or if it just a play to achieve more power through it, due to his secretive nature. his way of "ruling through fear" is completely opposite to mine. i will give him credit for his knowledge in martial arts, as well as strategy. it does make me want to pit my own gathered knowledge with him in friendly competition... but, despite my interest in making friends over enemies, his xenophobia already makes me feel that diplomacy may be impossible, however i will need to hear his opinions first. i will withhold my standing on him until then"

"Exarch Sera may be rather left-wing for my tastes, but that's a minor consideration. Her policies, although a tad authoritarian have produced results, and that's what really matters. For someone so fragile emotionally, which isn't a bad thing, she is very sensible. Holding on to power for such a long time takes great skill, and like a certain Josip Broz Tito, she has proven to be capable and benevolent. Seeing and hearing are a blessing. With his cybernetics CPU working properly for once in the back of his head, Nedelykov finally has a grasp of the world. The eldritch "wrrrr" sound in his head is normal for a cyber-human. At least, he could now read Adriana's profile in print instead of Braille, although the brightness of the screen bugs him a little. Robotics and artificial intelligence of other nations are always a great topic in his opinion.

"One thing I find absolutely fascinating about Valentine Z is how every of their robotic personnel is equipped with such vibrant personality, perhaps even more colorful than some humans I know. A designated Polskan... I do not quite miss the nationality of an A.I. but rather their capacity. 22 feet tall is not human, and not even imitation of human... but then again we are talking about Valentians, are we not? I suppose that she has to be tall given all the components they have to fit in her, as well as to fit in with her colleagues and friends. Marvel of engineering and technology, as usual from the Valentians. That... and a great person. I wonder how much of her personality is default programming, and how much is freely developed by her own experiences."

...  
"I'm not done yet, or am I? Nonetheless, she does have a look of a war machine in her. Incredible build, strong and enduring. Her... youthful and feminine appearance is slightly misleading but aesthetics is an entirely different subject in robotics."

The formerly wartorn nation keeps a facade of normalcy and order while enjoying the societal and cultural decadence that marks the new Roaring Twenties. The paranoid authoritarian government tries its best to uphold order in the face of uncertainty, while its people want nothing more than a breathing space. A deal that works, but maybe not in the long run. |

"Premier Kazimir Ivanovich Miroslavsky seems to be a man of strong beginnings within a free society. Though he would enjoy sustaining a free land, he does not dismiss the necessity for law and order, which in my eyes is critical enough as many free lands are found to have weak authority and very high rates of crime. Though I am radically authoritarian, this man still has my respect. For his forward thinking and thorough political action amongst a free land."

"Their leadership is effective, at least. This I cannot deny."

"This makes it even more of a shame that they are an Imperialist nation. Their processes, negotiation methods, and separation is at least amusing, if nothing else. A dictatorship in and of itself is not a bad idea, but the policies which it implements can determine its view in the eyes of the people. And yet, interestingly enough, despite the problems, they face few rejections from citizens. It is worthy of study for study's sake, if nothing else."

"I don't exactly know this leadership, beside the fact, that they are dangerously oppressive. I mean, Skyhooked and authoritarians are like dog and cat, it's extremely likely, that our contact will end with a potential enemy, we will have to put on a watchlist and spend resources on gathering intel and preparing for possible war with them. Once Allistair Union attacks, which is a matter of time, we ganna fight back and then raid them.

Because it doesn't take a dude with doctorate in politology to know, what happens next: They say, that we are "Anarchist lawless pisshole" and send their cops to pacify us. Of course folks in Skyhooked don't like when they are handcuffed when it's not BDSM, and they definitely don't like being sprayed with tear gas. It makes exposed food and drinks taste like shit and scares off the tourists. So, they take their bottles and chairs and fight back. Then it comes to guns from both sides. Then to a full fledged war. It might not exactly happen, but this is a probable variant. Or, more likely, they will stop at insults and denouncements."-Shawn Bjornson

"I approve her socialism. But I disapprove her insistance on disarming citizens. I mean, that thanks to our people being armed, we have repelled many invasions from those, who are superior to us and would try and conquer us. Guns make us all stronger and united. Or at least I belive so. And no, we don't have school shooting. At least, they do happen, but as frequent, as in most countries. Extremely rare and shocking occurance. For some weird reason, I wanna ask, how do they examine the folks, who wanna get high education. I admit, I never got one myself, so I am interested even more."-Shawn Bjornson

I will not entertain a needless war with a country of low value. This land of rustics is a single alcoholic beverage away from total anarchy. "I can't seem to find any information on Allistair Union's leader, who I assume is Ascanor. The nation appears to be another space-faring one, which seems highly militarized as well. Though that much shouldn't really be a surprise. It's hard to think of a nation that rules multiple stars while simultaneously not having an excellent military. I think I recall hearing that they stick to ideologies that I despise. That is not a good sign, in my opinion. Overall, I don't really have a strong opinion, and that opinion is one of negativity. I simply want to keep to myself, hoping that they don't appear here in our land."

"Well, looks like someone wasn't happy to hear I'm still alive. Don't worry, I get that a lot. And let's be honest, I think it's mutual. But let's start with someone I've never heard of before, if only to delay my irritation by a few sentences. ...nope, not delayed. I'd love to be able to claim you're authoritarian, Victoria, but you're really not. Free speech, free press, freedom of religion...ah. Ahhh. But when it comes to an actual crisis, *then* you'll recognise the value of tyranny, wont you? Maybe there's hope for you yet. I see you struggle with organised religion, too. I know that beneath that facade, you're at least a *little* reasonable. You hate insurgents, you hate preachers...and you're going to want to bring both upon me, aren't you? Just to undermine what order we have because you can't bring yourself to admit that it's what you want. But you shouldn't. Believe it or not, I don't take as much pleasure in the suffering of Chudokurens as you might imagine. I'm sadistic, sure. Nothing to be done about that. But as far as I'm concerned, those who aren't traitors suffered plenty enough when the Nightmare struck. I see so many tiny slivers of wasted potential in you.

Speaking of, nice weapon you have there. Sounds like a miniaturised agony projector. Wonder if it causes CRAS...wait, since when were you a masochist? Have you secretly been Kurushimi this whole time or something? No, you're not getting near her, even if she would take a parasite's bite...anyway, anyway- nymphomaniac, too!? No, you're not getting near Gikochinai either! I'm getting side-tracked here. Gave your soul to a deity, did you? Big mistake. I'm sorry for your future. ...I lied, I'm really not, but seriously, never do that. It never ends well. ...also, is that mental manipulation I see on this list of powers? Don't even try. You won't, because you don't want to engage in battle and you know that I'll carve you into pieces if you do. Idiot. Seriously, you know already not to worship deities, but infuse yourself with one!? How stupid- look, you're still terrible. But I'll be honest. There are worse people I have to reserve my hatred for. You can get my incredible annoyance, but for now, that's all you're worth. Sorry. "Most amusing."

"I never imagined that someone would exist to make me support the Empire of the Great Qing and feel more than some empathy for their monarchs, and yet it has happened. For all their corruption, inability, and failure to modernize, the flawed Emperors of the Great Qing is still many times better than this leader and the disgusting mix of church and state that spawned from its corpse. They call themselves a Taihei Tengoku, a kingdom of Heavenly Peace but are far from peaceful, they name their Capital Tenkyo but it is not at all the will of Heaven. May they rid themselves of this heaven-worshipping, theocratic monster, the cruelty he has brought in the name of his church, and the flawed religion he preaches."

"I, I don't know whether her being a commie scum or an anime degenerate is worse. Either way, she's the kind of heretic degenerate who would be taken and executed by both the morality police and secret police in Kancia. She's a goddamn socialist and a goddamn freak and is a menace to both my eyes and my well-being. Just throw her into the ocean for all I care."

"Ms.Oomiya, if we'd have shared the same world, we'd be very much opposed. As much as I admire your tenacity, it is clear that the way we interpret the fundamental process of societal structures are total opposites. Perhaps the socialists of my time are limited with the technology they have, perhaps centralized planning would be helped by infallible computers. But deep down inside, I know that your support for revolutionary socialism and an un-natural social order is at total odds with the development of my culture and people's millennial history. Any society stagnates under promises of perpetual 'Equality, Stability and Peace'. Even a few challenges are needed for structure to evolve in due organic time. "

AN: "Numik, you work under an incredibly limited phrasebook. For that reason I find it very hard to take you or your decision-making capacity seriously. Maybe you should retire? Worse still, the miniature communist at least seems to understand that shooting at people all of the time doesn't resolve all of your problems, an idea you can't seem to grasp at all."

Nacrad: "Dear God, slavery?! In the 21st Century...outside of Arabia I presume...I'm glad I don't live in your world. I suppose that's commendable, though it is quite a basic decision, any decent person would come to the same conclusions. I can't really say anything else, you seem like an ideally musical Socialist Party functionary."

Oswald's Mood: Still sick and tired

Oswald in his sickbed still

"If I were given the choice to compliment either Sera or Frau Zorilla, the latter would be the wisest choice. It is unthinkable of me to speak fondly of a leader who acts like a petulant, oversensitive child."

"And speaking of Frau Zorilla, despite her overly aggressive demeanour in politics and such, she acts like a much tamer and good-mannered parallel of my incumbent Reichskanzler Von Tempitz. Indeed she is much more like a realist than any other person who describes themselves to be also 'realists' or 'pragmatists'. And deterrence? It is quite understandable in her time."  
- Signed, His Imperial Majesty the Emperor of the Imperial Fatherland, Oswald

Though alone in his bedroom, still lying on his sickbed, Oswald hears an echoey, disembodied voice saying:

Voice's Mood: *SHE THICC BOI*

"DAMN BOI SHE STILL THICC BOI UNF."  
- Disembodied Voice

Instead of looking around for the source of this vulgar, disembodied voice, Oswald is visibly irritated for being sick does not guarantee he is in a good mood...
