That's the one! I knew there was significance to me constantly wanting to say 'Caligula' but I knew that it wasn't completely correct.

Godulan Puppet #2, RPing as technologically advanced tribal society founded by mongols and vikings (and later with multiple other Asian and Native American cultures) motivated by an intrinsic devotion to the spirit of competition. They'll walk softly, talk softly, and make soothing noises as they stab you in the back and take your stuff... unless you're another Caleshan, whereupon they'll only stab you in the back *figuratively*!

Used NS stats: Population. That's it. Anything else not stated in the factbooks is not used.

Using RPs to advance your characters and do actual character development... but forgetting to write them into your factbooks.

It's like writing about Emperor Palpatine for only the Prequels in a Wiki overview, while forgetting about what happened in Episode 4-6, and.- yeah okay, that's better off that way. Bad example!

-----

Another err... Well, not cliché, but close: WIP not because you are lazy or out of ideas, but the opposite: At one point in the day, you were overwhelmed with so many ideas that you have no idea which one to start writing.

Like, I want to but I got a lot of wacky ideas for *all* of my puppets, including this one which is about God and Earth after Armageddon. Long statement short: this puppet is based on Biblically-accurate stuff.

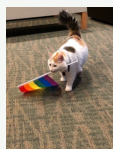

The good thing about The Messianic Kingdom is that its army are literal angels, meaning 'haha, suck egg, you got lasers and spaceships I have the Angel of Death and there are a lot of angels.'

The Messianic Kingdom exists after Armageddon, where God installs Jesus as King over Earth in paradisaal conditions and people who are genuine worshippers are perfectly healthy and in their youth forever. No division, no politics, everyone is happy and vibing finally.

This is proof that people can powerwank without the use of future tech armies.

People with IC flags linked in the sig having people respond to their posts in F7 based on their OOC flags (Gandoor and others probably can relate)

I honestly don't mind when people respond based on my OOC avatars on either this nation or Gandoor, it at least helps get some variety in response compared to everyone just making French jokes on this nation or communist/socialist jokes on Gandoor.

The only time I get annoyed is when people go 'Not a flag' because they're apparently blind and can't see the 'IC Flag' link in my sig. It's not like it's hidden or anything either tbh.

People who can't think up of anything positive to say about a nation in a *Compliment AN* thread. Not that it's against the rules but reading over those kinds of comments sure leaves me scratching my head.

We're all guilty of this cliché, including myself: when people, let say, see that one of your characters is a liberal or conservative, the former gets showered with praise more often due to the divisive politics spreading around the Internet nowadays. If you want your leader to be likeable politically, make them mostly liberals.

Now I got nothing against liberals and I'm not even conservative. Neither centrist as most of y'all believe me to be.

If that was a suggestion. It's idiotic. I rather not live in a mindless ego chamber where only the left-wing perspective is dominated, in fact. I'll be all

too happy to get a torch and burn that possibility to the ground. I'd much rather have a chamber with diverse political views and their so-called "controversies" that come with them both left and right views. It's entertaining and aids with people actually being more open-minded to see the bigger picture instead of just pretending to be.
