Floppy Ari. Oh, right! Ari! He looked at her. She had no glass. He needed a drink like now. Could she be sweaty? Was she a tasty thing of rummy rum? Yes, there was nothing he feared, his heart would go on, and he had to try. Maybe her culture was of alcoholians. Alcohol people. Excellent. He then seized the opportunity to lick her on the face, her left cheek, not smexily but because he needed a drink, and she was not rum enough. She was not. Was Ross still on the--no, never, never lick Ross. Never.

Alastair was very lucky she was wasted at the time.

We had a homeless man try to break in, he's dead unfortunately. He did have a bottle of Jack Daniels, suppose that might come in handy later. We also raided an abandoned pharmacy, we have enough medical products now to last us indefinitely. We've built some more fortifications, and a few more beds, now none of us will be sleeping on the ground.
