Nice touch with the blacked out text and colored "revisions." Presenting a nation where there's internal censorship and in-character content would not give a truly accurate picture of the world is a tough balance, and this is a neat way to do it, giving the reader a way to see the repression that's happening and to pull back the curtain to find reality.

It is 1881, and America still dreams of its "manifest destiny" to rule the continent. The strange pilgrims claiming a kingdom in the Great Basin apparently have other ideas.

Mindful of a veteran's plot to utilize Agartha's tech to wipe the sinners from the face of the Earth. The Cardinal prays it never has to come down to that.

All hope it won't, I suppose.
