For the symbol that would seem to represent Socialism in the flag, the banner of a Venetian like town seems to contradict certain stereotypes Socialist nations are given...

A.K.A Brutalist architecture  
(Also, I'm pretty sure that's a generic NS banner, so there's that!)

*The Princessdom of Hyrule. A fanfiction based on the Legend of Zelda :: Twilight Princess that takes place half a decade after the conclusion of the game. A new caste of Hyruleans, no less the newly built army resent the old Guard and Princess-Sovereign Zelda for the surrender of the realm to the Twilight and the weakness of Hyrule from invasion...*

*Meanwhile, the Zora worry greatly about the militarization of Hyrule, and the Goron less so due to the Economic stranglehold of the Rupee of which they have as leverage.*

**Never again shall Hyrule fall, and never again shall we sully the name of Hylia under our weakness!**
