Monkey 557 went on a rampage after getting Rickrolled one to many times for his fragile mental state to handle. He was subsequently arrested and tried in front of international judges, as his rampage included acts that were technically war crimes, and he was convicted and later executed.

No, "Israeli" was correct:

Welcome to Duotona, the rushed nation concept that was made by someone with no understanding of politics! A mixture of many Asian, Polynesian and French cultures (no wonder the English haven't touched us yet), the skies are blue, the government is messier than Einstein's desk and the bees arrive in plenty.
