Passion And The Opera - Nightwish

Genre: (Symphonic) Power Metal

Album: Oceanborn

Can't get over the overall sound of this album. Production isn't too polished, fairly raw but in a very power metal kind of way, especially with Emppu's guitar tone through the album, and Tarja's vocals are just amazing.

Tori Amos - Spark

Think this may be becoming one of my favorite albums. Keep finding myself listening to it. This is like the 4th time (Which is a lot for me, okay? Especially for an artist I went through like this year and haven't even listened to much music lately)

Cradle Of Filth - *The Black Goddess Rises*

Epic British black metal. From the album **The Principle Of Evil Made Flesh**, released in 1994 by Cacophonous Records.

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

U2 - Gone

From *Pop* (1997)

*You wanted to get somewhere so badly
You had to lose yourself along the way
You change your name, well that's okay, it's necessary
And what you leave behind you don't miss anyway*

*Goodbye
You can keep this suit of lights
I'll be up with the sun
I'm not coming down
I'm not coming down
I'm not coming down*

Impossible is just a big word thrown around by small men who find it easier to live in the world they've been given than to explore the power they have to change it. Impossible is not a fact. It's an opinion. Impossible is not a declaration. It's a dare. Impossible is potential. Impossible is temporary. Impossible is nothing.

U2 - Acrobat

From *Achtung Baby* (1991)

*No, nothing makes sense
Nothing seems to fit
I know you'd hit out
If you only knew who to hit*

*And I'd join the movement
If there was one I could believe in
Yeah I'd break bread and wine
If there was a church I could receive in*

I bought the original Cupid & Psyche (Scritti Politti) CD from 1985, and the soundtrack from *Perfect Way* sounded differently, notably with a gap about 18 seconds in: when I did the research, it turned out that the version was the original, and the drums that I expected were added in later.

U2 - Original of the Species

From *Vertigo 2005: Live from Chicago* (2005)

Baby slow down

The end is not as fun as the start

Please stay a child somewhere in your heart

I'll give you everything you want

Except the thing you want

You are the first one of your kind

And you feel like no one before

You steal right under my door

And I kneel 'cause I want you some more

I want the lot of what you got

And I want nothing you're not

From *The Best of 1990-2000* (2002)

There must be some way back
To love and only love*

U2 - Moment of Surrender

From *No Line on the Horizon* (2009)

*I tied myself with wire
To let the horses run free
Playing with the fire
Until the fire played with me*

*The stone was semi-precious
We were barely conscious
Two souls too cool to be
In the realm of certainty
Even on our wedding day*

We set ourselves on fire
Oh God, do not deny her
It's not if I believe in love
But if love believes in me
Oh, believe in me

At the moment of surrender
I folded to my knees
I did not notice the passers-by
And they did not notice me

U2 - Bullet the Blue Sky

From *Live in Paris* (2007)

*In the howling wind comes a stinging rain
See it driving nails
Into the souls on the tree of pain
From the firefly, a red orange glow
See the face of fear
Running scared in the valley below*

*Bullet the blue sky
Bullet the blue sky
Bullet the blue
Bullet the blue*
