"Oooh! It's really been a while since I've come across a luddite of *this* caliber. Why, there's any *number* of things I could name about him that personally irk me! To begin with, he appears to have adopted that strange, misinformed outlook on eugenics that morphs it from a legitimate, evidence-driven drive to eliminate diseases to a cryptofascistic, pseudo-scientific justification for murdering people you don't like. A dichotomy, that one - the people adopting that sort of stance tend to either be in full support of monarchy, or absolutely despise it. In any case, it doesn't look like his particular pocket of spacetime's had any experience with the Habsburgs - I don't think he'd be *quite* as supportive of "blood purity" otherwise. Let's see... well, he hasn't exactly spearheaded technological advancement. I see that his people have developed regardless, in some alternative manner, but all this stuff they denote as "magic" could be so much more efficiently harnessed, were they to adopt a rational, scientific mindset regarding it. Otherwise we just get the usual ritualistic hodgepodge that seems to plague oh so many worlds. He seems to have something of a personal distaste for AI too - which I suppose would put us on antagonistic footing, were I actually to care enough to antagonize someone over such a thing. The truly ironic facet of that? Were we to step into their world, we'd likely be worshiped as gods. Especially if we were to exert some trivialized show of force, like personal execution of this emperor, or the termination of his armies. As a matter of fact, the philosophy department's been nagging me for a series of large-scale field tests on the subject of first-contact theological development. Whether or not such a thing warrants the resource investment is something I've yet to fully assess... but regardless. My overall assessment of this emperor is negative. Not that he actually appears to *do* anything aside from waste his time on personal pleasures - I suppose this is the final nail in the coffin. A ruler is a ruler for a reason. Without fulfilling their function, they are useless. Pointless. Warped, broken cogs holding up the machine. What I'm more or less saying is that the Emperor is, ultimately, a waste of conceptual fiber in rather corpulent form"

[REDACTED] Overdue.

Head Diplomat Charlene Jeannie Natalia Adeline Marceline "Wanbyeoghan Hyeobsang-Ga" Celestie Christine Irelle Dva. Arianna Rees Edith Novena Annie Ciara W I. Bethany Myong Suh-Hyung: ■■■! (Awesome!) So this was the legend Mr. Shawn Bjornson that everyone was talking about! What a scoop this must have been for everyone making news back in 2010s... Nowadays, this kind of news is... sure, it is still newsworthy, don't get me wrong, but no one is really fazed after you have seen the Fate herself. "Gwen Tracer Allison now Fate of the Omniverse. More at 7". These kind of things just became normal, you know? Anyway, where was I? Oh yeah, I am positive on you too, of course! Just like how the rest of the Valentians are all right with you!

Ahh, as for the First King himself? I personally find him all right for now. I mean, this is the first time I have met him so I could not say too much or give too much of an opinion. I could still give my piece, and here it is! So... hrm, I will have to say that I miss Mr. Oni, because we were a bit more accustomed to him. Given your violent nature, I really, really don't want to be on your bad side, haha! Then again, I can say with 99% certainty that you certainly would not hurt us. Then again... ■■■■ 20 20■■■■! (hindsight is 20-20!) Neutral for now, net have a mix of good things about him, as well as some things I am weary on!

Ahh, hello there, my good Sirs! I am Charlene, the head reporter and diplomat from the wondrous world of Valentine Z! ^^ So... I hope you folks are doing well! I know and am aware that Mr. Jones is fine, but for Mr. Tanner... I am personally worried for you. Sure, you are using your powers to help people out and that is good with me, but being in coma this whole time? The world is much bigger than San Francisco, and there are a lot of places that you MUST travel in your life! There's Egypt, Switzerland, and... oh no, let's not talk about that country. That was a big mistake of me going there. Anyway, positive on you both, of course! ■■ □ □□□□! (Please uphold justice!)
