These two things are contradictory. Imperialism has only been successfully resisted throughout history using war. One can be pro-peace but one must always be ready for war. We Filipinos know this better than anyone...

Anti-war as in anti-offensive war/against imperialistic wars/anti-using war in order to solve international conflicts/not attacking first. Maybe a bad choice of words in linguistic sense from my bad but that's how anti-war is being used and thought of in my country. Defending land from imperialistic oppression using war methods is noble and I support that (as long guerrilla fighters doesn't attack innocent civilians)
