"The Queen is still young and she has a long road ahead of her. In time we will see what she ends up becoming, will she be an ally or will she be a foe? For now I can't think of any outstanding achievements but she seems open-minded and has talked about unity in her realm which is good. She doesn't seem like a tyrant but she doesn't seem too competent either. For now I reserve my judgement but I do have somewhat of a positive attitude towards her"

i see.... now, although they are a good leader with positive (in my opinion) views, the fact that they live in the future makes me think that they either have a different calendar, or live in a Parallel universe.

i see that they, just like me. have a military history?

nice to know there are others.

Regarding Cassidy Pickett,

To say I despise Pickett would be a grand understatement. I abhor his existence and firmly believe the world would be a much greater place had his mother rid herself of him as though he were a tumour. Not only is he vulgar and a living abomination, he is politically a rabble-raising cretin blinded by the

false ideals of ultra individualism and anarchism. The more breath I waste on this creature the more I disappoint myself.

"I wonder, where did Bjorn of Steel go? It's entirely possible, that he decided to hang out at her Fylkirate. After all, he was a devout Norse as far as I heard from the rest of the Council. If he did, maybe she knows, where he is? Perhaps he is among her huskarls or something?

Either way, it would be better to be on her good side. After all, if she visits our resort and gives some sort of blessing or somethin', it might raise morale of some folks in Battle Bonded warrior lodge. There are lots of Norse dudes there. But she might as well hate us for havin' Refreshment Cult as an established major faction of Skyhooked. Either way, I feel receptive."-Shawn Bjomson

That was quite smart of you to exaggerate a crises to create a political opportunity. Anyways, I don't really mind if you isolate your nation from the world, I do that as well. Politically, I don't think it's the best idea to just have everything under your own control. I've tried that once, and I didn't understand how to run anything. So I just let my Ministers do whatever. Economically, trying to break an embargo and section through brute force alone is not the best course of action. Especially if you have the whole world against you. Tried that and, while our military is not the best, it gets difficult. Anyways, I don't have a negative opinion, it's not the greatly positive either. I don't know, that could change?"

Regarding Kokichi Oma,

I view Kokichi Oma much in the same way I view the effeminate Confederate known as Pickett. Like Pickett, Oma is an uncivilised and unrefined troglodyte whose incompetence only insults the people he rules. His ideology even ironically blasphemies the ideals of Karl Marx and other Communists and rebrands it as an ideology of exploitation, childish misunderstanding and inhuman tyranny. The people suffering under this idiot's boot are starving, disempowered and at the mercy of a corrupt totalitarian regime that knows not humanity. It would be beneficial to all beings if this child was ousted and placed in a mental asylum

A rather bold action to liberalize a country known for its history of religious conservatism and Islam, de-Islamifying the youth of Arabia in order to achieve progressive goals. Bold but foolish. And her military intervention in Syria? Hm...maybe I'll head over there to Syria, joining the ranks of her army so I acquire a lot more learning from the entire war. I'm betting she'll be furious to know this but, frankly, I don't care and I don't think it's a problem for me. And finally, I have a kill count above one this time on Warzone!
