Mogwai-Batcat

Probably their most metal song, and one of my favorites.

[Tool - Flood.](#)

Tool has been a long time favorite band of mine, as I enjoy all of their albums and their Opiate EP. ☐

[Dio - Jesus, Mary & the Holy Ghost](#)

First time listening to the Strange Highways. I've heard only this song before, should've listened the album years ago.

[Dio - Bring Down the Rain](#)

A bit weaker album than the classic material. Good anyways and love this song.

Your nation is like a son. What it does right is your merit, as well as what it does wrong is your fault. When you praise it, be lucid and avoid exaggeration. Praising it too much can make it indolent. On the other hand, when you criticize it, be harsh, but do not ridicule it. Do your best to improve it, not through derision or disdain, but through good examples and dedication.

I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All the time this shows that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.
