I think you're listening to it more then I am and I felt weird liking it like I did...

It's one of those things while not the greatest album (Or even pop album for that matter), but it is something easy to throw on when you just want something easy to listen to while doing other things (Like getting rid of crap in your room), that isn't ENTIRELY generic like most radio play pop music.

Autechre-Pen Experts

Lets see how finishing this band today goes...6 albums to go. That average about 60 minutes long. So if I listen constantly from now to 10 PM I'll get it done...
