No

The Athenian Sea League is set in a low fantasy world where all the legends and myths from greek mythology are true. And in it's current form the Sea League is a collection of city-states, oligarchies and petty kingdoms led by a triumvirate of it's three most prominent member states: mighty Athens led and represented by it's Archon Eponymos Pericles, "Father of democracy", brave Macedon led by Perdiccas III "the Wise" and represented by a court official by the name Pausanias and fearless Crete which in itself is a union of Cretes two most powerful nations, Pefki and Messara which each having to share one representative, said representative being Podarkes.

Nah, something about "Jotsad Stahitmao" makes me think it's not a lovely utopia.

In a world where the Spartacists won in 1919 and Trotsky achieved his world revolution, Russia's minority dumping ground in the Far East is undergoing an internal revolution. Led by a sly artist-premier and his technocratic posse, surrounded by a salacious secretive Civil Servants' society, factionalist scheming, and (literal) backstabbing.

That's a tough one. It seems like a really cheerful and compassionate place with some decent freedoms and a well-off economy that supports the poor without being \*as\* oppressive with taxes as a good number of nations. On the other hand, it seems very... very exclusive, and most other qualities are fairly "meh" including the tax spending that the high rate's supposed to be going towards.

Overall I'd manage but I'd not particularly *want* to live there. I'd absolutely visit, though.

You're welcome to telegram me any questions you have of the game. Unless I've CTE'd (ceased to exist) - then you physically can't do that.
