Oh life~

My dads been working overtime lately. But intentionally. We need the money...

I think the most my dad worked at his current job was like 13 hours one day.

Before that he told me about the fact he had done some lawyer case or something (I don't remember exactly, and I don't remember why he was a part of it because it was totally not something he usually did), and that was like...20 hour days he said once. Money was nice, but the work was a pain in the ass. Nice, expensive food though. That's why lawyers cost so much because they're shoving \$100 food down their throats
