Russian music is funny but tbf it is literally everywhere, can't go far without a Russiaboo going on about the Alexandrov Ensemble, Swallowing Dust, Lyube (usually always 'America' lmao), Prokofiev, Shostakovich, or Tchaikovsky.

Part of being a Russiaboo means you unfortunately don't know everyone because you only know the 'funny ones' or the ones that were around during the USSR. I was a Russiaboo about a year or two ago before some Ukrainian Ukrapilled me.

Whenever there is a "Pro- Anti-" thing in a sig, 96% of the "Anti" is stuff basically everyone hates. Like, we get it! Nobody likes those things, no need to put them there.

I mean au contraire I see a lot of the "anti" stuff to be quite diverse. I don't really know where you've got that from.

That, or entirely political sigs. I don't know about the others, but hey, I'm here to build a world!

Just be proud of the stuff you have written and fluff, not an entirely political NSG Sig.

The number of people who come to NS just for the political stuff that goes on here is kinda sad but understandable given that NSG exists and plenty of people only care about NS for the purpose of using NSG in the first place.

And furthermore I submit that NSG should be destroyed.

Counterpoint: NSG is a containment board. Ask yourself, do you *really* want those people here in F7 or N&IR?
