I think the title is "In The Shadows".

That is correct

Still Standing, the song that comes after In the Shadows on the

I dare you to listen to it...

My nation is not like my nation page at all, it contradicts itself, we don't EVER eat kangaroos, that's just very sad. Also vegetarianism is compulsory yet it still says it's the nation's favourite main course and all and stuff.

I'm listening to it right now... Normally, this would be **way** too metal for my taste, but this song brings back some good memories and somehow isn't that bad if I try to listen to it for the music alone. I wish I knew what they were saying.
