I'd say this nation is about 85-90% representative to my beliefs. About the only difference between my nation and beliefs is that free markets are effective in a select few situations, and the compulsory organ harvesting is kind of screwed up

Meanwhile, Mina Sezlet has stayed ahead of the economy and is now a quadrillionaire (or at least would be if she wasn't so charitable, her personal savings are strictly capped at \$40T (adjusted to inflation) by her own decision)...

Jared finds out that Jared's Jewelers was bought out by Mina Sezlet's... corporate-political entity, and all the employees (managers included) enjoy their jobs a lot more than they did before, with the exception of those who abused their powers before the buyout, who

were fired with utmost contempt. The evil managers fled to Finnegan's empire, where they still live to this day.

Surprisingly, waiting for him at the front desk is H.E.I.R.L.O.O.M.-M.I.C.R.O.P.H.O.N.E. H6M4F91.

Mina Sezlet takes out the kidnapper, and hires Skip. As it turns out, war has actively broke out between Mina's nation and Finnegan's empire once again.

As it turns out, Jareloom also survived the explosion, and is currently in the Thanksgiving Parade Macy's. There's a built-in meme sound speaker in his system (he's a cyborg as Heirloom was before).
