everyone knows that quote, "I know not what weapons World War Three will be fought, but World War Four will be fought with sticks and stones," but in a way it's optimistic and inspiring because it suggests that even after destroying civilization and returning to the stone age we'll still be sufficiently globalized and bellicose to have another world war right then and there

Good ole' Iron Maiden.

Images likely to cause widespread offense, such as the swastika, are not permitted as national flags. Please see the One-Stop Rules Shop ("Acceptable Flag Policy").

Photoshopped birds flipping the bird not acceptable.
