I would, but I think I will need like 5000 tons of catnip just to mellow them (or accidentally agitate them).

Seriously, while I love cats and would love to live with them... the punishments for humans are holy-crap.

Captcha stomped on by Valentijn, then lasered by Clarissa, snapped out of existence by Gwen, only to be brought back by Jolyn to shoot it 16 times.

Nope. Communism is an absurd ideology.

In a broken world after a disastrous WWII using nukes, AI and ethnobioweapons in 2058 that wiped out all humans but blacks, a group of determined merchants and their allies decided to stop the collapse of civilization. They established the Enugu League and later the Onitsha Empire. Under the guidance of leaders such as Joseph Ijeawe, Jessica Udene and Victoria Machie they struggled very hard to resist decline at all costs..

This year was 2091. The disastrous Teen Rebellion caused by Jonah Nyagura and Juliet Udene's disastrous education policies entered its eighteenth year.

Jessica Udene, now the queen, was desperately negotiating with rebels. A daughter of a prominent business owner, Victoria Machie, just became the new Minister of Defense, succeeding Nyagura ally Emmanuel Nduka...

I don't know too much about the country, but it looks like a decent, free and prosperous place to live so yes.

1) No NS Stats for this nation!

2) How in the ever-loving hell will a "nation", a dimension with one entity inside... has taxation rate?

That is why people are against you imposing NS stats on every single thing.
Consider yourself Foe Listed, and I will skip you without much thought.

The first part of the document discusses the importance of maintaining accurate records of all transactions and activities related to the business. It emphasizes the need for transparency and accountability in financial reporting.

The second part of the document outlines the various methods and techniques used to collect and analyze data. It includes a detailed description of the experimental setup and the procedures followed during the data collection process.

The third part of the document presents the results of the data analysis. It includes a series of tables and graphs that illustrate the findings of the study. The results show a clear trend in the data, which is consistent with the hypotheses of the study.

The fourth part of the document discusses the implications of the findings. It highlights the potential applications of the research and the need for further investigation in this area.

The fifth part of the document concludes the study. It summarizes the key findings and provides a final statement on the importance of the research.

A **21.6 civilization**, according to [this index](#).

Aaaaaa (pronounced *AH-AY-UH*) is a constitutional republic attempting to pave its way into full independence after spending the last century as a province duelled by two separate nations that had equal power. Now it has gained its own government, meaning *all three* governments have equal jurisdiction. God help us.
