Apparently all the big, highly praised sludge metal bands from the state of Georgia all have gotten lackluster in their most recent album/albums...Baroness, Mastodon, Kylesa...Though to be fair I liked most of the Kylesa albums about the same as their newest, because they all suffered, for me personally, with getting kinda "Samey" and boring, you could say.

Baroness-Isak

Baroness' vocalist isn't super exciting. Like someone said, he sounds kinda the same throughout the entire album...

Musically it's quite good, though.
