Basically nobody on F7 really knows this user, yet they still come on this thread just for the purpose of flaunting their supposed shitty-roleplay-thread fame. How pretentious.

I've heard it whispered that this one is Max Barry himself, but don't spread that around...

Seen 'em once or twice, but not familiar

Godulan Puppet #2, RPing as technologically advanced tribal society founded by mongols and vikings (and later with multiple other Asian and Native American cultures) motivated by an intrinsic devotion to the spirit of competition. They'll walk softly, talk softly, and make soothing noises as they stab you in the back and take your stuff... unless you're another Caleshan, whereupon they'll only stab you in the back *figuratively*!

Used NS stats: Population. That's it. Anything else not stated in the factbooks is not used.

As Godular, I think they're probably the most well known FT NSer on the site I know. Very recognizable!!!

They've made themselves quite (in)famous in F7 and their region. They don't seem to venture elsewhere all that much, but they are definitely very well known to people who have been browsing F7 lately, some for pretty good reasons, others not so much.
