[Xasthur - Screaming at Forgotten Fears](#)

What is your second favourite from Xasthur?

Hard one, kinda tie between Prison of Mirrors, Telepathic with the Deceased and Trauma Will Always Linger and, and... too hard to choose. Screaming at Forgotten Fears is clear number one though.

[Xasthur - Screaming at Forgotten Fears](#)

I don't even remember when was the last time I got this excited about one single song!

I like it. Vampires and black metal go together.

Well, that's certainly a whole lot of black metal cluttering up this thread. Time for something completely different.

Air - Playground Love

CVT Temp wrote:
I mean, we can actually create a mathematical definition for evolution in terms of the evolutionary algorithm and then write code to deal with abstract instances of evolution, which basically equates to mathematical proof that evolution works. All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

Good girl. I just might join you later, but not now.

The Cure - *Before Three*

Well, Belphegor *is* one of the better things that have ever come out of Austria.

The Cure - *Alt.End*
