The land of the truly free, where money is tangible, and where liberty isn't a
bloody cudgel used to justify forever wars or absurd crime rates.

- An unusual compact of gun-runners and agro-industrialists topples an
incompetent emperor hellbent on so-called "collective punishment" against
native peoples for daring to resist top-down "liberalization and rampant
rent-seeking", hence paving the path for an anti-elitist confederation at
peace with its local traditions and favoring domestic production whenever
fiscally possible.
