Leaving Home and Movements have to be my favorite albums.

Movements has music that's more inspired by space and the universe, while Leaving home has a more futuristic city sound to it.

EDIT: Altered is also a pretty good album.

Thanks. After the last Royksopp album and The Knife I'm going to listen to those.

I'm going to give the new Daft Punk album a listen, but I don't really expect to like much of it so I'm not even posting specific songs....
