I use all NS stats (even the dumb ones like weather) except for population. Most of my lore is spread around the forums (In cases of conflict, the most recent is canon) because I can't be bothered to make a factbook for everything. There is no prize for finding all of it, not even bragging rights. Why would you brag about something like that?
I have no idea what I'm doing and making this up as I go.

The Reformist Military Republic of Serkin.

Led by Commander Manuel Carvajal, Serkin is a nation with an anti-neko policy, after the victory of the Reformist Faction in the Serkinian Civil war, against the Monarchists and Communists.

This is all I can tell you for now.

Those are some big darn carriers you've got there.

It's okay to cry. Crying is something we have all done, so why do you not let your feelings out?

You'll still be a man, a woman, or whatever you identify as.

There's no reason to hate one for expressing how they feel.

Do not bottle your feelings to seem like you are strong.

Real strength is found in expressing emotions.

When heartbreak happens, when something awful happens to someone you love, what do you do? You cry.

I'm just a girl with autism who likes birds, and making nations ruled by birds. Check out my Instagram, @a.care.taker for some dumb art.

My nation - which is pretty much just a unified Korea with some extra territory - represents my real views, as does pretty much anything I say on the forums. NS stats only broadly representative. Feel free to call me Q&K, Quartia, or any other nickname.
