Must check it out.

Didn't like it, despite the obvious relevance... this is a first.

[Sigur Ros-Ekki Mukk](#). For whatever reason, it took me a bit to get into this Sigur Ros song. Not sure why. But once I did, I really quite like it like many Sigur Ros songs. The new Sigur Ros album is like the only thing I look forward to in May. I'm interested in checking out the Silversun Pickups album too, though. Sigur Ros said they are putting more electronic-type stuff into their new album, but I'm guessing in a mild way. Even if it's not in a mild way, I bet they will do an amazing job with it. In this song, it doesn't sound very electronic though.
