"Anyone who is found worshipping a "god" or another non-scientific being will be exterminated. Those who are in cults will also be exterminated.

This act encourages intelligence and education, and stops stupid people from flooding the nation."

Sounds like a fun time.

Free Jeililand is a strong, patriotic society of settlers exiled from a failed state that didn't respect the citizen's right to refuse to participate in a chaotic, uncontrolled, and vile society.

That's why the federal police force control everything instead of the government. How orderly and well kept!
