Though I do have my personal reservations. Anyhow, I must find a way to contact him sometime in the future. As I have just been notified that I can not, in fact, trade the bones of saints in for advanced weaponry by both His Holiness and the Patriarch of Constantinople. So some parts of the trade deal regarding our trade of relics and whatnot will need to be altered." -Matthieu XV

Welcome to The Alpes a Septentrionali Imperium, a nation where I brutalize and adapt Latin and French History to my needs to get my Ultraroyalist Absolutist French Monarchy with a vaguely French-sounding fictional royal family to work.

Don't ask about the flag, it has something to do with RMB RP that I'm involved with.

What happens when you cross anime powers and overpowered leaders with furies, all written by a bored Homestuck fan with too much time? Well, you get Rumei. A multiethnic, FT republic with both might and magic that let it conquer the entire Orion Arm.

"What in the world is going on in your head? To think you'd stoop so low to admire such reprehensible beings like those tin cans. What's going on in your head? What's going on with you? You sound like a child that's drunk on power. You are not the man I once knew but rest assured, I won't give you the opportunity to even occupy my balcony.

Before, I would've begged you to steer away from this path. Now, I will warn you. Stay away from everything that I hold dear. Better yet, let go of these foolish desires before you're knocked down from your high horse. Your ego will never recover when you do. Petty, weak, cowardly. Instead of controlling the power granted to you, you let it consume you and turn you into a monster.

Luckily enough, I'm experienced in dealing with monsters and don't make me laugh, wiser men than you have failed! Salem failed and that ignoramus probably put more thought into his conquest than you ever have. Don't be desperate. Power rises and falls. Waxes and wanes. If you think your empire will last, let me tell you something. Open a history book. Start there because you need to use that brain of yours and realize that the universe is exponentially larger than you. You're not special, Mr. Alexander.

As for you, dear Strein, you're as lovely as ever! You'll make a great ruler! I've been involved in politics for many years and I know an upstanding, righteous individual when I see one. Most importantly, listen to what others have to tell you. You might have all the power in the universe but if you can't stop and listen to advice or reconsider an approach, I will say this bluntly because you're dear to my heart, you'll end up like the Imperial Consul.

Take care, dear. if you ever need a shoulder to cry on or help from one such as myself, feel free to ask."

We have much to teach one another, much we can learn from one another, so that together we may grow strong.

Technocracy, the rule of the intelligent, is a beautiful thing when implemented correctly, when there is a genuine effort to educate the populace, when there is an effort to elevate everyone for the greatest possible prosperity. The joyous progress must be pursued at all costs, and it seems to us that this is something you understand quite well, my dear comrade. We are rejoiced to see your rule, a further sign that our effort is not in vain, that our battle against the darkness of ignorance, armed with the light of science, is not in vain. "Huh, this twoleg in question seems to be similar to those with kittypets (domesticated cats) - they seem to like us, but they often cause more harm than not, due of their ignorance. Gotta admit, the names of twoleg clans can be pretty... strange, and hard to pronounce, and this one's not an exception - I am still puzzled of what this one could mean. Still, she is not the worst offender when it comes to this. She seems to be the offspring of one of the previous leaders of their clan, which means, that they don't really have deputies, but instead just let their children rule after their parents die. While I am not sure if I understand half the courses she learned, she indeed seems to be fairly intelligent, and it is something that I can appreciate - brute strength is foolish, if it is not accompanied by a sharp mind. Still, it seems, that their leader doesn't rule harsh enough with... whatever that leg is called."

"An anomalous feline detected, we should run tests on one of those cats from the Shadowclan area. Sapient - Ethics matrix activated. Course of action - Find one of their corpses and bring them to Technocrat facility to study."-John Walker AI

"I wonder, how will they like weed?"-Casey James

"Mr. Bjornson is one of the kindest people I've ever met, but I'm worried...I'm worried about what his lifestyle might lead him to. I've seen too many people become shells of their former selves because of constant partying and

debauchery. I want people to be free to do what they want, but I don't want them to do something they'll ultimately regret. If Mr. Bjornson doesn't change soon, I fear the worst!"

BN: Strein or Zen, but I'd prefer Strein

What happens when you cross anime powers and overpowered leaders with furies, all written by a bored Homestuck fan with too much time? Well, you get Rumei. A multiethnic, FT republic with both might and magic that let it conquer the entire Orion Arm.

A 7.6 (this is probably outdated but I can't do the calculations rn) (Tier 9, Level 6, Type 9) according to [this index](#).
Come to The Orion, we got [CULTURE](#) and [FURRIES](#)

Show Recommendation: Cobra Kai. It is very, very good.

IC Name: Roman Republic, or simply Rome (Rumei). Occasionally called the Ignisian Republic. Current year is 2697.
