The Princessdom of Hyrule. A fanfiction based on the Legend of Zelda :: Twilight Princess that takes place half a decade after the conclusion of the game. A new caste of Hyruleans, no less the newly built army resent the old Guard and Princess-Sovereign Zelda for the surrender of the realm to the Twilight and the weakness of Hyrule from invasion...

Meanwhile, the Zora worry greatly about the militarization of Hyrule, and the Goron less so due to the Economic stranglehold of the Rupee of which they have as leverage.

Never again shall Hyrule fall, and never again shall we sully the name of Hylia under our weakness!

It's a polygamous marriage and from wholesome rps. They are both appreciated equally. This has been explained on the both the cancerfest that is the F7 Discord and the raging mad house that is UIA.

Unexpectedly wholesome.

Also, I don't want to set dates, buuuut the side project about Atlantis and a Green Sahara involving (a favorite of F7) a hot bisexual female monarch surrounded by sexy people will probably be finished quicker than the main. The side project is probably more SFW too, even considering that the monarch runs around in a bikini and that weird Egyptian fishnet dress.

oh yeah, the "AN vs YN war threads"

i also tend to avoid fighting threads in general

people like to rub it in your face about how they'll win even though they're a mary sue (for leader threads) or a nation with 999 trillion ships and 495 centillion people living in it (for nation threads)

I believe we're all familiar with muscle-bound leaders (regardless of gender) with especially better S.P.E.C.I.A.L stats and are above 6'0" and weigh around 200 pounds. Doubled by their use of power armour, guns, swords, magic and such.

I think one of them has got a pet that so happens to be some ferocious creature that defends their owner. I love dogs but that's out-of-character for a Siberian Husky.

Tbh since I also personally use NS to store and develop ideas for my own needs, I already assume that people will skim read and thus place effort accomodate that — therefor, gigantic titles, lots of images, and lots of repetition of the "core concepts". Not that it's particularly succesful.

There was that one Roman-based nation that had a guy in charge who looked like The Blob... but uglier. I cannot recall which nation that was though.

How 'bout leaders that have phenomenal cosmic power and then feel the need to be utter dicks about it?
