QUOTE

The primary banner shows a war torn barren landscape and the motto would let me assume it is Mars. The flag seems to be a big mountain like Olympus Mons, covered in the red dust of Mars (nice flag btw).

However the following standard banners do not really make sense - they let me assume, that a terraforming process took place (which I have not seen in the story).

@BN The primary and the secondary banner make only sense together. I sometimes change their position.
