"TN orders new documentary on itself for Netflix - Supposedly saying "...my turn...to... He..."

I thought he'd make an extremely slanderous documentary of the previous Netflix board who made the documentary he didn't like.

"Built as the 712nd Gearing-class destroyer of the United States Navy and eventually refitted into the first guided missile destroyer of any navy in the world.

When? With that name, presumably 2050.

That's still genuinely nice and hey, I like that flag! Sure it does look a little  
bright and personally, the ripple effect might not be suitable. BUT it is one of  
a kind and it really describes your nation well. ♥
