When I get round to it I will have a national factbook as well but meh.

Also please note that I generally post once on NSG to state my opinion the chances of me replying are little to none. But in an RP I will be active.

Hageshia, are you shuffling your ipod at random and posting the songs? It's just that you've posted a lot of songs in this somewhat short span of time.

Well it's because

1. I love music
2. I'm listening to an album right now. One with relatively short songs.

Shores In Flames, Bathory.

10/10

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.
