A communist revolution

IC: **the Order of Mare Nostrum**, but are also known as the Knights of Mare Nostrum or simply Mare Nostrum. The year is 2022, with PMT tech.
Anthem: [Ave Regina Caelorum](#)

The Knights of Mare Nostrum are an order formed in 1189 centered around islands in the Mediterranean after the Knights Hospitaller and Templar merged, along with the integration of other knightly orders through history, and now serve a role as a militarized wing of the Papacy which utilises what is essentially hyper-militaristic canon law.

My country may seem memey at times, and that's fine. I like a mix of fun and
serious. I also have to work with a nation I made when I was in *fourth grade*.

Fun, casual, nonsensical

The volcano is made of a material which resists to nukes

Ittonia, an island at the northernmost of the north sea experiencing great history, and culture

From the Prussian colonization era to the discovery of Haeven (Now dying) This nation developed itself and doesn't hesitate continuing! Now, we're trying to do our best in this great world. (Even though it doesn't always work out, LOL)

So now, we honorably sign this post in the name of our nation: The Republic of Ittonia

The volcano must draw because it didn't take into consideration that once it was to go again, it wouldn't have the right color nor number to play for its turn.
