Oops, put a Godflesh EP on the wrong playlist. One more EP to go after this one.

Well, I skip the "Dub" versions of songs and remixes and blah, so even though I say these EP's are 10 minutes long, they're probably actually longer. I don't care enough about the remix version and dub versions and blah to listen to them so I'm just going through the new songs.

Godflesh-Slavestate

Which probably means this band has a lot of long EP's...

All that extra crap is reissue stuff, apparently. This EP is only 20 minutes long without it.

6 Godflesh EP's down, now moving onto...9 Autechre EP's, depending if I find even more or not.

☐ 2 hour and 30 minute long EP. It consists of alternate versions of tracks from an album so I can understand why they might classify it as an EP instead of an album but geez.

Autechre-Osla for N

Edit: Have it up to 11 EP's to go through by this band now. This will be fun.

Might go through a couple of others not on Spotify on YouTube, as well.
