With his dying breath, Man successfully gets Grandma to lean in close for his last words, grabbing her hand with the gun, turning it, and fatally shooting her.

At Man's funeral, Man comes out of Man's body and guns down everybody at the funeral. Man has used his own body in case Grandma shot him, which he knew one day would happen.

Nothing is possible, Entro i nostri limiti

In Italian it means

Anything is possible, within our limitations

Or at least i hope that's what it means since these days you can't trust google translate. For all I know I could be saying "Your mother was a hamster and your father smelt of elderberries!" PS: If you get that reference then you are very cultured.
