They are an absolutely *massive* interstellar empire spanning nearly three dozen star systems and with a population similar to mine, but adding another three zeros. There are a lot of influences in this *country* empire, but I think the most prevalent is Stellaris -- a wonderful game, definitely a good source of pictures and inspiration -- and it's definitely worth a read.

Their species is one of humanoid with ram horns. They're also quite durable, being from a high gravity planet.

Ninja'd

They're highly diverse in terms of ethnicity with many Croats, Bosnians, Serbs and Germans to name a few.
I'm certain this will end well.

The Mobian islands were settled by Germanic tribes in the 2nd century, and were influenced by cultures in Spain, France, and England. It was taken over by Napoleon in 1812 but was liberated by the British in 1814. Nationalist unification movements took place in the mid-19th century.

Besides August 31st, Hatsunia celebrates the 9th of March as well. This date is usually written as 3/9 and read as mi/ku, which corresponds with one of the names of the legendary founder of the nation. As a fun fact, alternative yomi for the character 三 which stands for 'three' is 'san,' the date is sometimes read as san/ku, which sounds similar to 'thank you.'

They had a shadowy and clandestine conflict with Neo-Nazis once within their country. Which explains their hatred for Nazism, I guess. I'm just surprised that Nazis even exists in their country.

Mangolim vur'Jaffab (Who hereafter I'll refer to as only Mangolim for obvious reasons) is a Sildorian politician currently serving as the Archon of the nation. He was born in the world of Karazit Prime, and when he grew up, he took up military activities as his ambition, reason why he was made a personnel of the Empire's Navy before eventually climbing up the ranks and becoming the Archon.

SCP-55758 Godular is an anomalous group that is infinitely powerful, a post-scarcity economy and powerful beyond imagination. They are shapeshifters who seem to speak English, and the "men" wear suits and fedoras while the "women" wear sarong. Also, they hate Nazis, so not fascist!

Now they're led by Kal'Shazzar who looks like a weird shapeshifter magician like a cross with Doctor Strange and Genie from Aladdin but his body looks more like The Rake so he's weird and creepy and I'm going to go away from that guy.

Also, there's Sarathress who is a.... fu*k she's so scary and creepy, go away from me and I'll not going to look back!

Now, after reading that Dispatch I'm still not sure whoever they are and whether they are actually humans or simply anomalous beings or whatnot.

They're a race of...nonhuman beings (Idfk what to call them) located in Southeast Asia, near the Philippines as well if my mind serves correctly, their military is also filled with ex-Soviet Equipment, which is pretty convenient for arming a military, as Soviet stuff will always be the cheapest.

Oh yeah, they also have unique templates and scripts, as far as recent memory serves.

After WWII went nuclear and killed 900 million people, this country formed in 1957 and holds small scattered territories in Europe, which remained a warzone even after North America and Africa became more peaceful.

Just like Japan, Hatsunia endures a lot of earthquakes. The most recent earthquake to date — the Hokuto 9.1 magnitude earthquake — happened in the year 2011 (on March?) and caused a tsunami wave which had severely damaged the city of Fukugawa among many others. I wonder if there was a nuclear power plant and whether it was left intact or not.

Mister Miroslav comes from an illustrious military family, and from my brief understanding, after the Imperialist's War he took a GIANT level in cynical behavior and no care for his emotion, only adopting a stoic face.

Oh, and his father died on the *Strayaz*, a battleship that sunk during the Imperialist's War.
