Not a crime unless the stuff inside is stolen or hazardous. In that case, you'd get up to 5 years in prison, maybe 10.

Quite an awful crime indeed... Well you'd actually be commuting multiple illicit acts doing such. Pay-to-win games are pretty much guaranteed to not be Cierridan made since they involve monetary transaction (capitalist decadence ☐ not allowed), and since foreign media is pretty much outlawed here that means you must have smuggled to obtain such hideous affronts to the word "game". So for bypassing the prohibition of foreign and capitalist media, likely through illicit connections, you might be looking at somewhere around 5 to 10 years re-education labor heh
