Premier **Fukushima Sonoko**

"I know I keep saying this about other countries, but I *really* mean it this time—Barael has blown Baizou's political diveristy out the water! I know the long list is of mostly 'tiny' parties, but it's still impressive that they exist! But, to return to the question: which would I vote for, if I were a Baraelite citizen. Well, it's probably no surprise that the Labor premier would vote for the Social Democrats. Their policies remind Baizou's Labors, and I respect the way their constituents have bolstered the Green Party."

Very interesting, I suppose the Liberal Party would have my vote.

A civilization with an over 3,000 year history of lizard people killing each other and enslaving everyone else. Now they've finally calmed down and formed a modern westernized constitutional monarchy. (long live Emperor Yoshio!)

Note: Any factbook entries over a year old are severely out of date and may be subject to extreme revision and retconning soon. If you have questions on anything about Ru, please feel free to ask.

Given the position of both parties in the same political quadrant, I would definitely abstain from voting; however, since I have to pick one, it'll have to be the Liberal Democrats.

BN: Choose one party you'd vote from Abba and one from Myralia.

I would vote Anti-Capitalist Left or Social Democrat-Green for Myralia and Libertarian or Green for Abba. The details would depend on how many constituencies there are and which party is more popular.

AN: Liberal Democratic Party.

BN: If you choose a party with factions (i.e. Liberal, SDP, or National), perhaps also say what faction you would most align with/vote for.

If men were angels, no government would be necessary. If angels were to govern men, neither external nor internal controls on government would be necessary. In framing a government which is to be administered by men over men, the great difficulty lies in this: you must first enable the government to control the governed; and the next place, oblige it to control itself.
