we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

When it's Avant-Garde, it tends to never get boring.

Probably the same way I listen to the same 'shit' over and over again. Sometimes I find a song I really like, or like, and listen to it on repeat for a while. Then I move on after a while. There's a reason why I have a Spotify playlist called "One Song To Rule Them All", for when I feel like listening to one song. That's not entirely often though.
