Owning a pirated video game

You have to pay the actual price as long as it wasn't copied and passed on as well.

Not paying a prostitute.

Leftists abuse politics for their narcissistic need for moral superiority. Ironically, they usually achieve the opposite.

Fine proportional to the price (the client incurs liability to pay after the service, and failure to pay counts as stealing the money).

If you're a soldier, there is no punishment beyond typical court marshaling and treason charges, should you be found to be responsible for sabotage at all. The same applies to commanders and generals; you do not receive punishment for losing a battle unless you purposely worsened the outcome for Parai Hambriven's military.

Murder is murder and usually leads to lifetime imprisonment, unless the delinquent prefers execution after some time (not uncommon here).

Caregivers and families of truants can be fined up to K2, 000, 000 (NSD\$10,000) or have welfare benefits stopped if applicable. Repeat offenders could also be sent to juvenile detention centres for several weeks, usually in the summer or when school stops.

Intentional theft of a pet is a minor felony, punishable by fines of up to 10,000 marcs and up to a year in prison. First time offenders and or nonviolent offenders may be given leniency on the prison sentence or may be forced to perform community service for up to 5 months.
