With a piano in front of him, Le Patron played a sonata as the Blackshirts rounded up the bourgeoisie and the nobles who are unfortunate in being unable to escape the country at the nick of time. The sound of gunshot and bodies falling all synchronized harmoniously with the Patron's tune. "Ah, ca ira" as Le Patron remarked, echoing the Patagonian Reign of Terror with a wig on his head.

"The Germanic people represents everything beautiful in this world for us restless Futurists. Carnal senseless violence of the World Wars, the chest-pounding bravado of their chests decorated with Iron Crosses, the political radicalism of a proud people, and the constant need to destroy itself. Yet Oswald I represents a degenerated and antiquated Germany. A Germany that wants to preserve the status quo at the face of a wave of progress. Do not be mistaken, Oswald, the working-class would not be satisfied with petty concessions and "social welfare". Good times breed complacency and more wants. It would only be a matter of time that the workers and the artists truly realize that they are the backbone of German society and the nobles as well as the bourgeoisie are all powerless without them"

The Avant-Gardist State of Patagonia ~~~ *Gauchos and Mapuches, orgies and parties, avant-garde art, futurism, syndicalism, the New Man, general strikes, the glorification of violence, spiritual nationalism, esoteric occultism, CIA spooks, Spartanian homosexuality, public sodomy, and more*

Triomphe du Surréalisme (1968)

- There are many things said about Patagonia but few actually know what goes on behind the Andes mountains. Tales of human depravation and man's inner darkest self run wild. A place where avant-garde culture flourish and the artist don't fear the censor. Where all live bold and free under the gaze of the Patron. Yet all dreams will come to an end soon...

One of the first things that I notices in this man's dossier is that he graduated

with a Master's in Poli Sci. I mean, for a politician, that makes some sense. But I'm not really one to approve of that, considering that my two majors were in useful subjects: engineering and logistics! But, yknow, enough about college degree weiner-measuring contests. This dossier says that he joined the Social Democrats and defeated the Progressive Conservative party. Wait, what the hell is a Progressive Conservative? That sounds like a contradiction; maybe that's why they were defeated by a party that doesn't have an oxymoron for a name. Anyway, this guy seems like just a mostly-normal SuccDem. He supports things that normal SuccDems support, and opposes things that normal SuccDems oppose. Except for mandatory veganism. That's a bruh moment for sure.

I feel somewhat bad for this person reading her Early Life section. Losing a mother to terrorists and a father to cancer is never easy. Lyndon's rise to politics is pretty interesting, and reminds me of a more statist version of Basileiów's rise to power. They're both reformists dealing with a corrupt government that doesn't want change, kind of like how a new but skilled programmer would find himself wanting to rewrite a project's entire codebase so that it doesn't strongly resemble spaghetti, despite opposition from middle management not wanting to spend time or money on that. It seems like the two are also different in terms of actual ideology; Lyndon seems a bit more statist, as she passed a Militarization act, whereas Basileiów is keeping the military volunteer-only. However, there isn't much information on Lyndon's ideology in her factbook, so I'm pretty neutral for now.

In an empty, dimly-lit room, a tape recorder plays an audio record of Jones' sermon in perpetuity. Containing a record of his voice condemning the President.

Audio Record No. 8

"I turn my head away from people like you Mrs. President. What even are you but another American politician but in name! You may fool the people with your pretty war stories and outsider status but you are just a war criminal and an opportunist like the rest! You are just another bottomless feeder of the industrial - military complex! Gullible patriots are useful for the interests of jingoists and companies in selling weapons after all. You should know this when you're pulled out of deployment. My, my, the world hasn't changed one bit and folks like her like to make things simple for her tricked supporters."

His cult of personality and all that makes it easy for people to do his bidding, and if he wants to get rid of someone, easy-peasy, just tell everyone they are an enemy of the socialist gospel or whatever. Jones does seem to legitimately care for the welfare, since he's an anti-racist and all that good stuff, but forcing people to adopt children of different races is a bit authoritarian for my taste. I would be very interested in seeing what his sect of Christianity has to offer, although I personally am not a Christian. Oswald's Mood: *Quite Disgusted*

"To say she is *Verrückte* is an understatement—her act of patricide is vile and her grip onto insanity is lost forever. Of course, there are plenty more I can describe this *Mörderin* later. I pity any fool who would likely fall for her charms and then be murdered by her, much like the mythological siren and the huldra—beautiful in outward appearance while their true intents are murderous lying beneath the surface."
