Looks a lot like the Binnenalster seen from the side on whose other side the Aussenalster lies (my train passes the the bridge there on the way to university), so I guess it represents the German and maritime background.

A Germano-Polynesian nation located on a paradisiac South Sea archipelago and founded on Enlightenment ideals, the Free State of Aision is a cosmopolitan bastion of liberty and rationalism, notable for its devotion to science, utopian green architecture and costumed superheroes.

Sorry for the long wait, but my new nation is still a slow work in progress. Completely new map than this one has.

Things to keep in mind:

- This isn't a single nation, but a whole planet full of many nations. I will usually reference a certain nation when posting.
- The flag being used is just to represent that it is a planet, it is not used at all in the 'canon', as there is no one flag for the planet. Instead I chose to just use an image of the planet.
- I've referenced the prequels 124 times on F7.
