Eh. I've seen mere deer heads on display and am not too appaled. Violence towards deer isn't something I am interested in, but, y'know... deer hunters will be deer hunters, predatory animals just trying to survive will be predatory animals just trying to survive, and I'm not in control of nature or humanity. Besides, I doubt *all* deer hunters are ill-intentioned.

Why has the government withdrawn from Qatar? Nationalists hold protests against 'lack of responsibility and transparency to the Persian people!'

Well, this clearly has to be an alternate universe. I mean, I can never imagine the Iranian government being non-transparent to its people! And I definitely can't imagining Iranians ever being unhappy or protesting with the government!

The Iranian government says so!
