Our nation is Poland, but there was a great Nazbol revolution, which overthrew the PZPR and freed Poland from USSR, in 1993. The Iron Curtain still exists, but it has changed its borders.

The factbook is still just an incompleated template at this time, so I guess I'll go by NationStates stats? (BN: Please don't go by NationStates stats for my nation; I have a fairly fleshed out factbook). With a powerhouse economy, benchmark freedoms and rights, and zero crime achieved without oppression, it looks like there's not much reason not to live in Conarchth. So sure thing, I would live there. But that's only assuming the NationStates stats are canon, which may not be the case and are only used as a last resort in the absence of a factbook.

BN: A link to the factbook is in the signature below.

Seems like a well-intentioned European monarchy, I'd live there.

My nation - which is pretty much just a unified Korea with some extra territory - represents my real views, as does pretty much anything I say on the forums. NS stats only broadly representative. Feel free to call me Q&K, Quartia, or any other nickname.

Probably not personally, no. (ew, monarchies!)

THE PEOPLE □ ETERNAL

" We will not bow to your dictation. We are free. We bled to be free. Who are you to tell us what we may and may not do? **We stopped being your slaves an era ago.** "

South Reinkalistan is a massive, ecologically-diverse nation notable for its roving student militias and widespread hatred for the elderly. In the midst of a room-temperature cultural revolution that's lost its momentum, the Party carefully plans its next move. As the brittle bones of fragile empires begin to crack beneath their own weight, history's symphony reaches crescendo pitch. The future is all but certain.
