No I don't live in London anymore although Watford is the closest guess.
Perhaps you thought that I did since I said "closest answer" not "closest guess".
I'll edit that. Hint: Try and look northeast of London.

From now on I will count a closest guess, so the BN's guess will me the closest,

Knowing that the closest guess was Watford, somewhere in the County of Hertfordshire, most likely in the bordering towns to Watford.

Nope but I do live in the same county as Southend and Colchester(Essex) with the latter (Colchester) being the closest(I mean REALLY close) and it's just that your guess was a *tad* bit too far northeast(by a few dozen kilometres). I guess I could give a final clue: I don't live on the coastline(but not too far inland).

Western Europe

I don't stand with Ukraine. I don't stand with Russia. I don't stand with the US, NATO, or EU. I stand with the innocent civilians being caught in the crossfire while the politicians, the media, and weapons manufacturers continue to stoke division and conflict in their geopolitical chess games and treat the people of Ukraine as mere pawns. Zelensky is a corrupt, opportunist oligarchic politician who is not fit to lead Ukraine through anything and wants to inflate his own ego and offshore accounts.

I'd guess somewhere in the EU?

"Free will is a myth. Religion is a joke. We are all pawns controlled by something greater: Memes. The DNA of the soul. They shape our will. They are the culture - they are everything we pass on." - *Monsoon, Metal Gear Rising: Revengeance*

*Disclaimer: This nation only uses some of the policies and stats stated. They will be stated if used, but are otherwise to be ignored.

No, this nation and its flag is *NOT* based off Minecraft, Terraria, or anything of the sort. I made the flag using an app on my phone (...and ran out of space). Please stop making relations to such, as it has become highly irritating to be compared to such. The art is of my own creation, and of my own ideas, not from a pre-existing game. Thank you.
