A Nordic state in Northeastern North America still run by the járls and things. Where Norse worship persisted despite Christian evangelism, the sagas were still written in runes, and the Viking explorers continued sailing and plundering.

I quite like eParty for copyleft. Recently found out what the term meant and I really like the idea. My first preference vote would probably go to them, then the People's Progressive Party, then the Marxist Front. Nice to see a fellow STV-er about as well. 😊
